

# Brecknell

860 series

an unbeatable package for the independent retailer

# Brecknell 860 series electronic scales

The Brecknell **860** is a price-computing scale that offers an unbeatable package for the independent retailer and is designed to offer all the functions your business needs.

◆ **Euro compatibility**

The Euro exchange rate can be set quickly and simply, enabling unit and total prices to be displayed in either local or Euro currency, at the touch of a button.

◆ **Stylish, compact and tough**

The **860** is attractively designed and is tough enough to withstand everyday professional use. It offers the perfect combination of a compact footprint and a spacious weighplate manufactured in high quality stainless steel. Additional fittings are available.

◆ **Instore or outdoors - You've got the power**

The **860** gives you the power to use your scale in most trading situations, by offering a choice of mains or battery power. Take advantage of the battery option, and the **860** is instantly portable, offering up to 800 hours\* of continuous operation without the need to recharge or replace the batteries. Further battery options are also available.

\* Subject to the quality of batteries used.

◆ **Choice of display**

The **860** offers a wide choice of display options. The customer tower display makes effective use of counter space and features a highly visible LCD display, to ensure that price and weight information remain prominent. Back lit display options are also available. A range of other functions including seven-digit unit price, eight-digit total price, price per kg/ per 100 g are available.

◆ **PLU options**

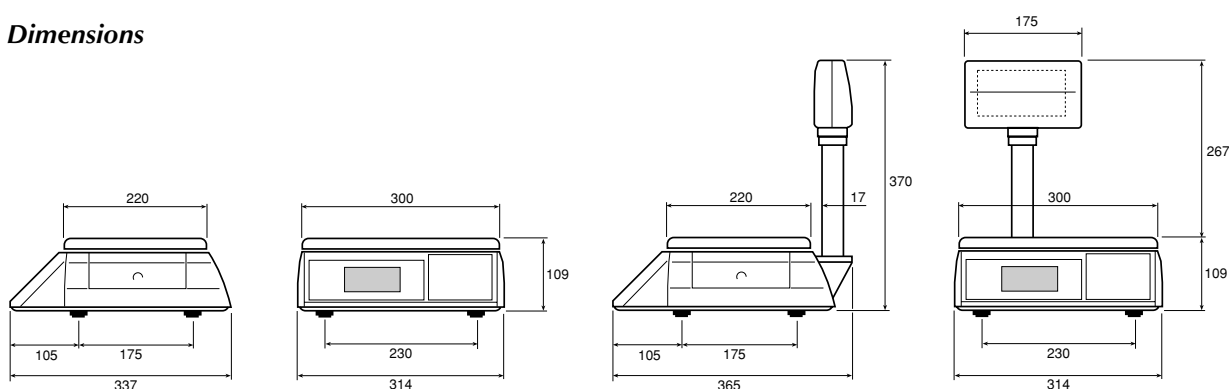

The **860** can offer 20 pin-protected PLU's as standard - including up to 10 'hot shot' keys for favourites. These may be used with a 'quick-set' feature for fast-selling items.

◆ **Capacity options**

Whatever you want to weigh, from delicate items to product in bulk, the **860** delivers the capacity and resolution you need. From 3 kg up to 15 kg, in a choice of resolutions to meet your requirements.

◆ **International approvals**
